We're here to let you in on a little secret: Dietary supplements for pets aren't just for senior dogs; they can be great for adult dogs of all ages, shapes and sizes! Think about your own medicine cabinet — you take supplements regularly to support your overall health. The same goes for dogs: human supplements for you, dog supplements for them!

Now that the cat (er, dog) is out of the bag, let's talk about the big question: Which supplements might be right for *your* dog?

Expertly Crafted from the Makers of the Vet-Recommended GREENIES™ Brand

We know your dog means the world to you. That's why all [GREENIES™ Supplements](#) are formulated by a team of Ph.D. animal nutritionists and combine high-quality ingredients specially formulated to meet your dog's needs with no artificial flavors or preservatives and no fillers. Plus, our supplements are made with real chicken for an irresistible flavor your dog will love (which makes them easy to give, too). Made in the USA with quality ingredients from around the world, our supplements can help support your dog's health.

Support Your Dog's Active Lifestyle

Does your dog love going for a jog with you, or letting you watch them chase after a tennis ball at the dog park? If that sounds familiar, keep reading. [GREENIES™ Hip & Joint Supplements](#) are designed to support your dog's healthy joints, flexibility and mobility. These soft-chew supplements are made with glucosamine and chondroitin to support your dog's active lifestyle so you can enjoy happy days together.

Table of Contents

Supplement Your Dog's Immune System

Healthy immune systems — they aren't just for humans! [GREENIES™ Immune Health Supplements](#) contain a powerful blend of the antioxidants vitamin C and vitamin E. Antioxidants like these can help support the health of your dog's cells and play important roles in supporting your dog's natural defenses and healthy immune function.

Support Your Dog's Skin and Coat Health

Your dog loves to feel the wind in their fur, and you love admiring their shiny coat, right? Of course you do. [GREENIES™ Skin & Coat Supplements](#) are designed to support healthy skin and a shiny coat to help keep your dog looking (and feeling) like a million bucks. They're formulated with fish oil, naturally rich in omega-3 fatty acids like EPA and DHA, to provide nourishment for your dog's skin and coat.

GREENIES™ Supplements are a great way to support your dog's health and help them thrive!

[DISCLAIMER] †Trace amounts may be present due to potential cross-contact during manufacturing.

[Why Does My Dog Lick \(Everything\) So Much?](#)

Dogs like to lick: themselves, you, surfaces, objects and other dogs. It's a common behavior across the animal kingdom, but we take particular notice of our dogs because they live with

us. Intermittent licking is perfectly normal, but excessive licking has a wide range of potential causes that are worth checking about.

[**Why Does My Dog Eat Gross Stuff – and Should I Be Worried?**](#)

Sometimes dogs will look at a lawn or a dog park and see a big, tasty buffet: dirt, grass, poop and who knows what else? Dogs eating odd nonfood items is a relatively common behavior; the condition even has a name: pica. But you keep your pooch well-fed with plenty of tasty, nutritional food, so why would they choose t
