[Limited-Edition Gingerbread & Pumpkin Spice Dental Treats for Dogs](#)

GREENIES®, the veterinarian-recommended brand of dental treats for dogs, is bringing the spirit of the season to pups everywhere with its 2026 limited-edition holiday assortment. By popular demand, this year's lineup brings back two seasonal flavors designed to make dental care a treat worth celebrating - perfect for stockings, gift baskets, and everyday holiday moments with your dog.

Our 2026 Limited Edition Items

[Greenies® Pumpkin Spice Flavor Dental Dog Treats](#)

Your dog will "fall" in love with this cozy seasonal flavor. The pumpkin spice variety comes in a 12 oz. pack and delivers the same veterinarian-recommended oral care benefits in a limited-edition flavor that's perfect for autumn and holiday gifting.

[Greenies® Gingerbread Flavor Dental Dog Treats](#)

The classic holiday cookie meets canine oral care. These limited-edition gingerbread-flavored chews come in a 6 oz. pack and like all GREENIES® dental treats, they're crafted to support the four areas veterinarians check most — plaque, tartar, gums, and breath — with a unique toothbrush-like texture that cleans down to the gumline. Rawhide-free, easy to chew and digest, these dog treats are made with natural ingredients plus vitamins, minerals, and essential nutrients.

The Gift That Keeps on Giving

According to the American Veterinary Medical Association, 80% of dogs show signs of dental disease by age three. This holiday season, GREENIES® offers a gift that does double duty — a treat dogs love and a daily dental care routine pet parents can feel good about. In clinical data on file, GREENIES® dental treats are shown to deliver 47% less tartar accumulation and 40% less plaque accumulation in 28 days when fed daily.
